# WESHAPE™ Pro<sup>+</sup>

## Enjoy your perfect body shape

*WeShape Intelligent body shaping management system*

- First revolutionary **bipolar RF technology** applied to lose stubborn fat
- First **FDA** approved technology to reduce body contour
- Over **one million persons** have done treatments with WeShape™ Pro
- **10thousands** treatments everyday worldly

Comfort

No downtime

Body shaping

Body contour reduction

Cellulite reduction

Skin tightening

Postpartum body shaping

# Product Introduction

Weshape™ Pro+ is an intelligent body shaping management system which can provide comfortable and noninvasive treatment. This system combines many advanced technologies, reduces localized fat deposits, sculpts perfect body shape. Based on numerous clinical medical applications, WINGDERM spent 8 years of concentrated research and ingenious development to create this system. Global installed capacity is over 2000. over 100,000 persons used this system, they recommend this system wildly for its comfortable and effective treatment experience.

## Theory

WeShape™ Pro+ integrates multiple technologies:

- **Infrared heating technology**, heat from epidermis to subcutaneous at 3mm depth.
- **Bipolar radio frequency technology**, heat from epidermis to subcutaneous at 15mm depth, can deliver thermal energy continuously to adipose tissue and dermal collagen fibers.
- **Vacuum suction technology** helps the RF energy penetrate deeply inside skin.
- **Roller massage** accelerates blood cycle and lymphatic drainage.

The combined technologies work simultaneously, provide significant effective energy, which promotes the cell metabolism, helps collagen regeneration, stimulates fiber reconstruction. While reducing body contouring, It also offers skin tightening, improving of skin construction and texture.

## Applications

- Localized Cellulite reduction
- Reduction of waist and abdomen width
- Accelerate localized blood cycle
- Reduction of mild muscle soreness
- Body shaping
- Cellulite reduction
- Reduction of bingo wings and double chin
- Postpartum body shaping

Average reduction of abdomen width

Based on numerous clinical medical treatment statistics, it shows 2.4 cm waist width reduction after one cycle of treatment, and this reduction keeps going on for 2-3 future months.

# Applicators

WeShape™ Pro+ system has two applicators with different treatment spot size separately. Choosing Different applicators on different body part to get better treatment result. Offering personal treatment plan. Changeable treatment head design offers clean system.

## WTighten

WTighten is used for local area sculpture and skin tightening, like under chin, neck, man-boobs, lower leg and arms.

## WSculptor

WSculptor is used for big size of body part, like buttock, abdomen and thigh.

## Advanced Cleaning Head

Roller massage accelerate lymphatic drainage.

# Advantages

## Intelligent bipolar RF delivers High power thermal energy to 150W

Precise Temperature control, comfortable and safe, finish treatment faster.

## Intelligence vacuum suction control system

Fine adjustment of vacuum suction, dynamic monitoring of pressure values. Bipolar RF outputs thermal energy on skin tissue, at the same time, it provides more comfortable treatment to patient.

## Dynamic monitoring of skin temperature

Provide intelligent operation, precisely judge the end of treatment.

Normal temperature

## Excellent human-computer interface

Provide full-color 10-inch multi-touch Android system, simple and easy user interface.

## Intelligent devices internet connection

Based on WingCloud, it provides many functions, like system running status monitoring, and authorities management, etc.

# Before & After

before

after

before

after

before

after

- Measurable and long term continuous result after just one treatment.
- 100% patient satisfaction
- 100% comfort
- Higher power, less treatment
- Noninvasive no scars body shaping

## Technical Specifications

System		
Applicator	WSculptor	WTighten
RF Power	150W	150W
RF Frequency	40.68M Hz	40.68M Hz
IR	20W	20W
Spectrum	700nm-2000nm	700nm-2000nm
Vacuum	100-60kpa	80-50kpa
Treatment area	74mm x 52mm	43mm x 35mm
Massage Roller	Yes	No

Platform	
Electrical	230 VAC; 50-60 Hz; 600VA
Demensions (L x W x H)	522mm x 548mm x 1540mm
N.W.	45kg
